General Info

3 Bedrooms 2,279 Sq. Ft. Built in 1999

Description

This LaGrange Home is walking distance to school, the community center and the post office. The three bedrooms and three baths supply plenty of room for the growing family. A gorgeous master bath is attached to the large master bedroom. There is a Bonus Room which includes an en suite bathroom-there are plenty of possibilities for this room. The open kitchen includes counter seating, new stainless steel propane range, microwave and dishwasher. An attractive pellet stove warms the open living room and kitchen area. The formal dining area is adjacent to a great family room, also offering an open feel for family time. The Sellers have recently installed a new furnace and air conditioner in the home giving the Buyer peace of mind. The attached one car garage, with extra storage/work bench area, is connected to the home by an enclosed breezeway. The garage door has recently been replaced. Another additional garage/workshop and a storage shed are located behind the home. The backyard consists of a large patio area and a grass/garden area which are totally enclosed making it the perfect yard for children and pets. This is an extremely affordable home with lots of living and garage space.
